

Family Planning Dashboard - LGA Report

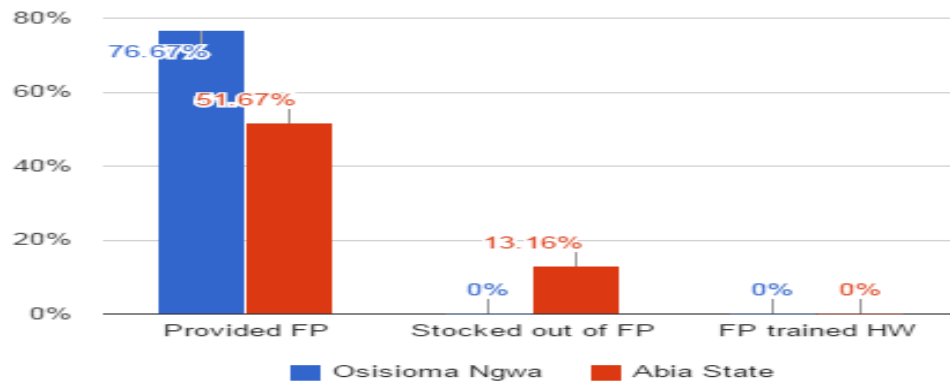

LGA: Osisioma Ngwa

State: Abia State

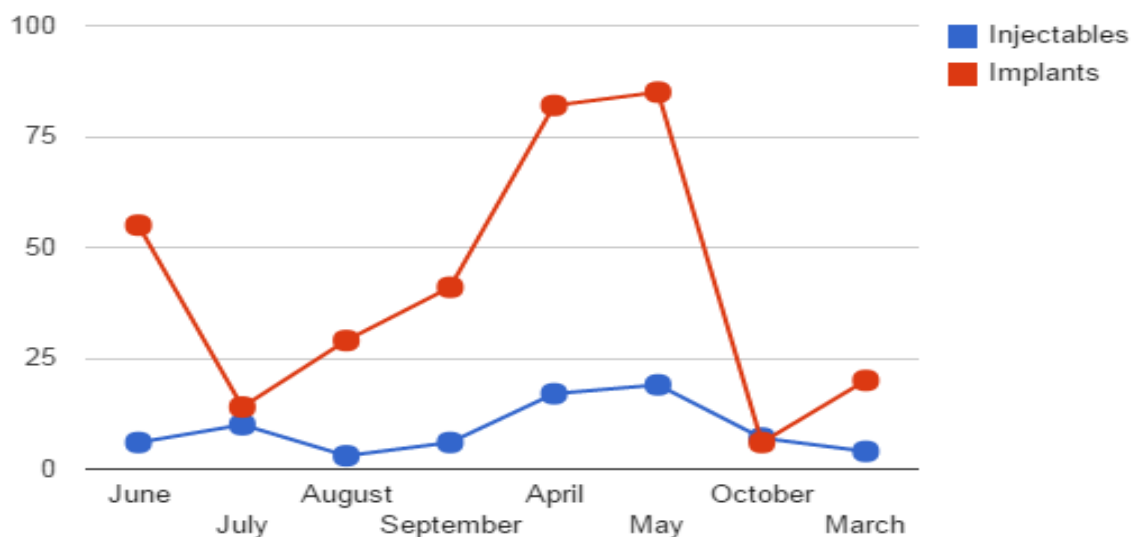

Month: May, 2015

Facility summary, May 2015

Monthly consumption* in Osisioma Ngwa, June 2014 – May 2015

*Implants and injectables are examples of popular long-acting and short-acting methods and have been selected here to show general consumption trends of family planning.

Facilities with FP trained health workers that are not providing FP

This indicator identifies the facilities that should be providing FP (because they have a trained HW) but are not. There may be several reasons why they are not providing FP. For example, they may be stocked out. Call the facilities listed here to find out whether they are stocked out, require additional mentoring, or are facing another barrier to service provision. When conducting supportive supervision, target these facilities.

Facilities					
Umuoyoro Health Post	Ahiaba Umueze Health Post	Umuohia Health Post	Chrispat Hospital	Okpuala Ukwu Primary Health Centre	Umuohia Health Post
Okpuala Umugwor Primary Health Centre	Abayi Ariaria Primary Health Centre	Amavo Nkwogu Health Post	World Bank Primary Health Centre	Embassy Hospital	Living Word Hospital (Osisiamo Ngwa)
