

Family Planning Dashboard - LGA Report

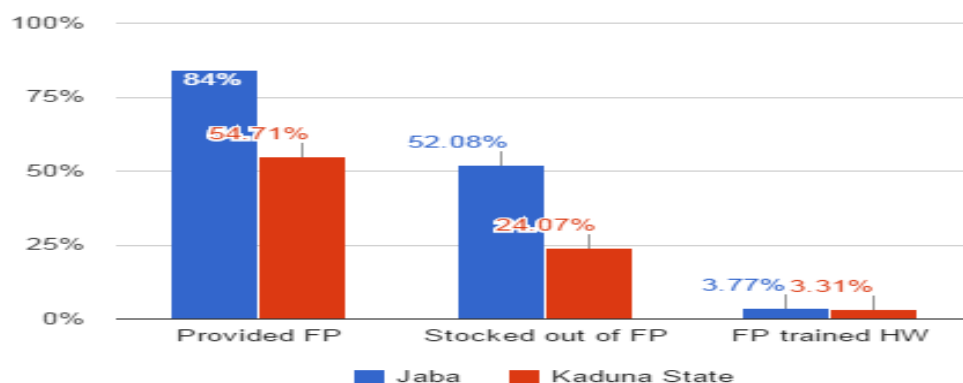

LGA: Jaba

State: Kaduna State

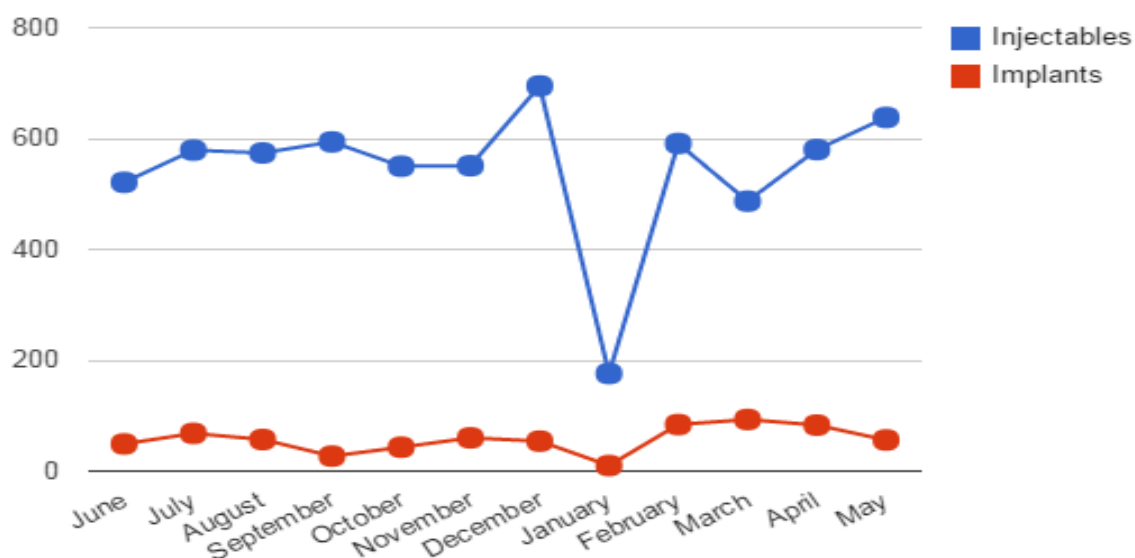

Month: May, 2015

Facility summary, May 2015

Monthly consumption* in Jaba, June 2014 – May 2015

*Implants and injectables are examples of popular long-acting and short-acting methods and have been selected here to show general consumption trends of family planning.

Facilities with FP trained health workers that are not providing FP

This indicator identifies the facilities that should be providing FP (because they have a trained HW) but are not. There may be several reasons why they are not providing FP. For example, they may be stocked out. Call the facilities listed here to find out whether they are stocked out, require additional mentoring, or are facing another barrier to service provision. When conducting supportive supervision, target these facilities.

Facilities					
Madachi Health Clinic	Chori Baraki Health Clinic	Kajuru Health Clinic (Jaba)	Ungwar Rana Health Clinic	Angwar Gauji Health Clinic	Dura Health Clinic
Fai Health Clinic	Gora Health Clinic	Angwar Sanyi Health Clinic	Arzuka Health Clinic	Ungwar Fari Health Clinic	Kyari Health Clinic
