

Family Planning Dashboard - LGA Report

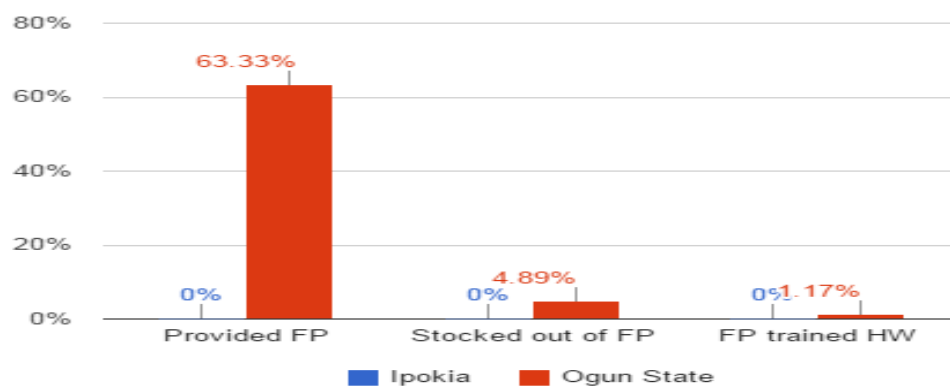

LGA: Ipokia

State: Ogun State

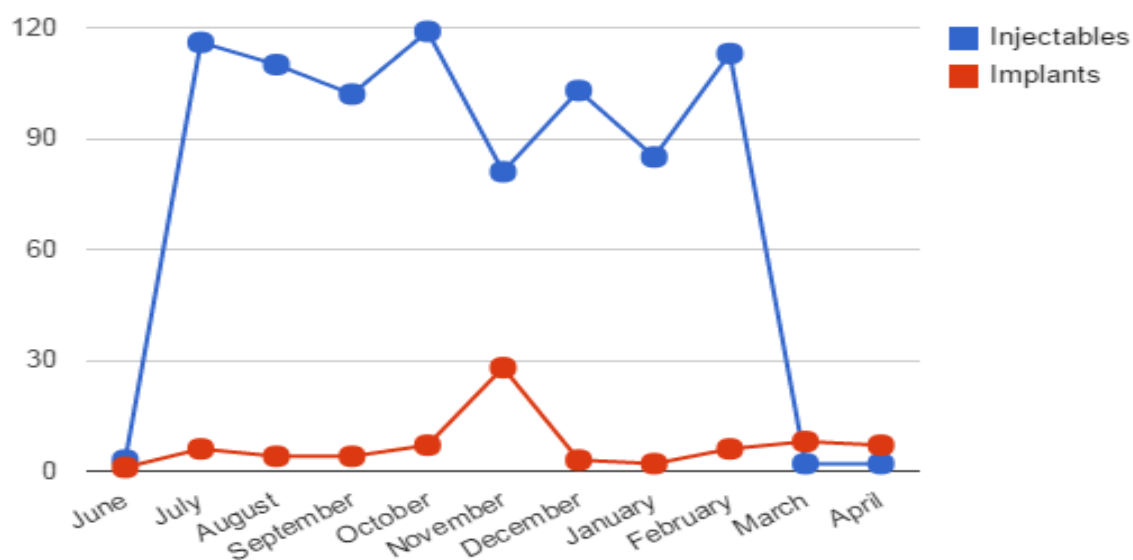

Month: May, 2015

Facility summary, May 2015

Monthly consumption* in Ipokia, June 2014 – May 2015

*Implants and injectables are examples of popular long-acting and short-acting methods and have been selected here to show general consumption trends of family planning.

Facilities with FP trained health workers that are not providing FP

This indicator identifies the facilities that should be providing FP (because they have a trained HW) but are not. There may be several reasons why they are not providing FP. For example, they may be stocked out. Call the facilities listed here to find out whether they are stocked out, require additional mentoring, or are facing another barrier to service provision. When conducting supportive supervision, target these facilities.

Facilities					
Clinic and Maternity Home	Ayofunmi Health Clinic and Maternity Home	Otito Maternity Home	Remi Maternity Home	We Care Hospital	Iropo Health Clinic
Iretiayo Maternity Home	Emilandu Medical Clinic	Whekan Health Clinic	Titilayo Maternity Home	Emiloju Maternity Home	Fronter Clinic
