

Family Planning Dashboard - LGA Report

LGA: Ivo

State: Ebonyi State

Month: May, 2015

Facility summary, May 2015

Monthly consumption* in Ivo, June 2014 – May 2015

*Implants and injectables are examples of popular long-acting and short-acting methods and have been selected here to show general consumption trends of family planning.

Facilities with FP trained health workers that are not providing FP

This indicator identifies the facilities that should be providing FP (because they have a trained HW) but are not. There may be several reasons why they are not providing FP. For example, they may be stocked out. Call the facilities listed here to find out whether they are stocked out, require additional mentoring, or are facing another barrier to service provision. When conducting supportive supervision, target these facilities.

Facilities					
Nzerem Health Post	Amagu Ihie Health Centre	Ishiagu General Hospital	Ekembe Health Post	Ndiachi Health Post	Ndiugbugbo Health Post
Mgbede Akanto Millennium Development Goal Health Centre	Akaeze Ukwu Health Post	Ivo Federal College of Agriculture Clinic	Akaeze Basic Health Centre Ugwuagba	Mgbede Health Post	Amata Health Centre
