

## Family Planning Dashboard - LGA Report

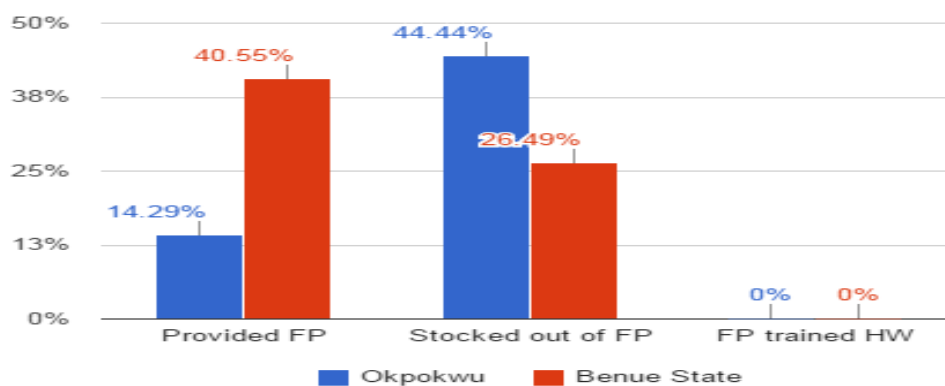

LGA: Okpokuwu

State: Benue State

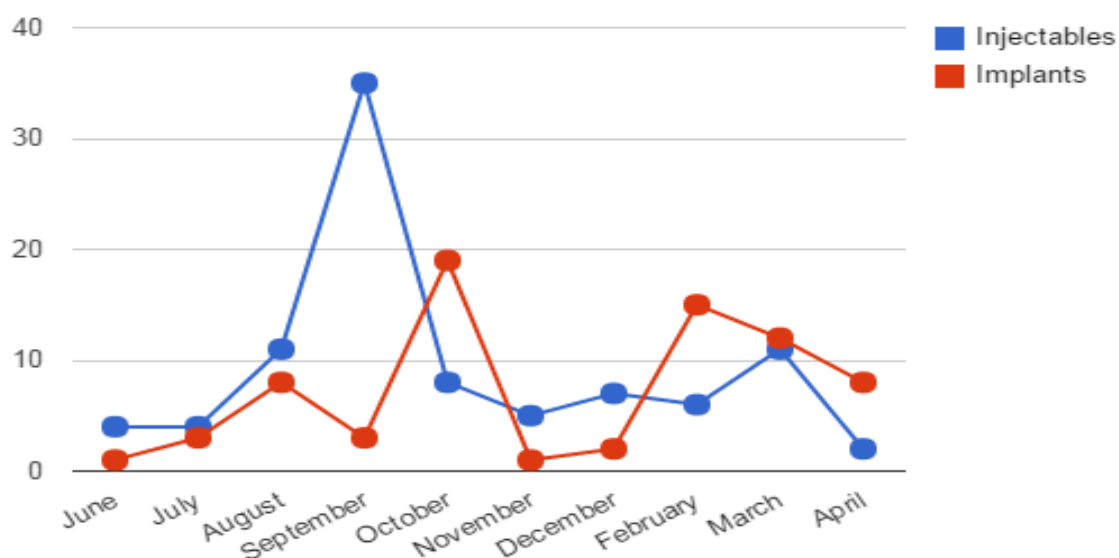

Month: May, 2015

### Facility summary, May 2015

### Monthly consumption\* in Okpokuwu, June 2014 – May 2015

\*Implants and injectables are examples of popular long-acting and short-acting methods and have been selected here to show general consumption trends of family planning.

### Facilities with FP trained health workers that are not providing FP

This indicator identifies the facilities that should be providing FP (because they have a trained HW) but are not. There may be several reasons why they are not providing FP. For example, they may be stocked out. Call the facilities listed here to find out whether they are stocked out, require additional mentoring, or are facing another barrier to service provision. When conducting supportive supervision, target these facilities.

Facilities					
Odokpo Primary Health Centre	Jesus Saves Hospital Ojijo	Olanyega Maternal and Child Health Clinic	Ede Primary Health Centre	Ojapo LG Health Post	Oladegbo LG Health Post
Akpodo 1 Health Post	Alfa Clinic	Ojoga Primary Health Centre	Opidlo Health Post	Ondo Primary Health Centre (Okpokwu)	Effoyo Primary Health Centre
Okpale Primary Health Centre	Adiga LG Health Centre	Opene LG Health Post	Okpoga LG Clinic and Maternity	Ikomija Health Post	Anmoda LG Health Post

Percent of facilities in the state with LARC trained HWs that are not providing LARC: 100%

#### FP facilities stocked out for 7 days

This indicator identifies facilities that have provided FP in the last six months but reported a stock out of any FP commodity for seven consecutive days during the current month. Call these facilities to find out what commodity is stocked out and arrange an emergency shipment of stock from the LGA store.

Facilities
Ede Primary Health Centre
Ogodumu Primary Health Centre (Eke)
Effeche Idibe LG Health Post
Opialu LG Primary Health Centre

Percent of FP facilities in the state stocked out for 7 days: 26.49%

### **LARC facilities stocked out of implants**

This indicator identifies the facilities that have provided at least one implant over the last six months but are stocked out of implants during the current month. Call these facilities to arrange an emergency shipment of stock from the LGA store. Ensure the facilities are connected to the FP commodity distribution system and are using CLMS forms correctly.

#### **Facilities**

Percent of LARC facilities in the state stocked out of implants: 19.31%
