

Family Planning Dashboard - LGA Report

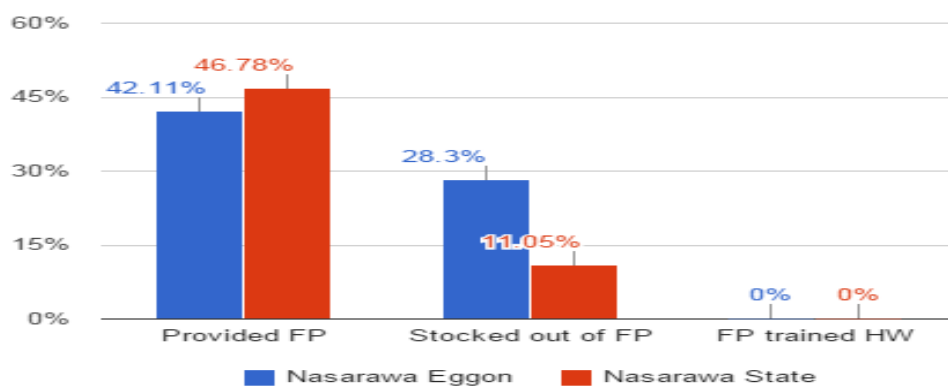

LGA: Nasarawa Eggon

State: Nasarawa State

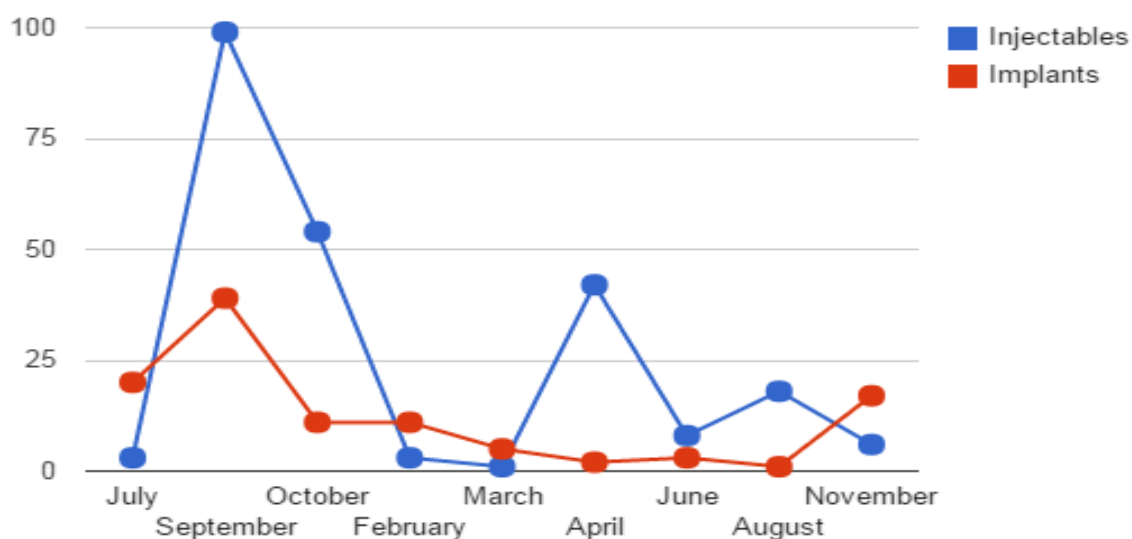

Month: May, 2015

Facility summary, May 2015

Monthly consumption* in Nasarawa Eggon, June 2014 – May 2015

*Implants and injectables are examples of popular long-acting and short-acting methods and have been selected here to show general consumption trends of family planning.

Facilities with FP trained health workers that are not providing FP

This indicator identifies the facilities that should be providing FP (because they have a trained HW) but are not. There may be several reasons why they are not providing FP. For example, they may be stocked out. Call the facilities listed here to find out whether they are stocked out, require additional mentoring, or are facing another barrier to service provision. When conducting supportive supervision, target these facilities.

Facilities					
Mada Station Health Centre	Ladi Ende Primary Health Centre	Angbaku 2 Health Post	Kwari-eha Primary Health Care	D/Ikka Primary Health Centre	Alogani Primary Health Care
Agunji Health Post	Watta Health Post	Randa Arikpa Health Post	Kagbu Wolko Health Post	Ezhiba Health Post	Ongezi North Health Post
