

Family Planning Dashboard - LGA Report

LGA: Zing

State: Taraba State

Month: May, 2015

Facility summary, May 2015

Monthly consumption* in Zing, June 2014 – May 2015

*Implants and injectables are examples of popular long-acting and short-acting methods and have been selected here to show general consumption trends of family planning.

Facilities with FP trained health workers that are not providing FP

This indicator identifies the facilities that should be providing FP (because they have a trained HW) but are not. There may be several reasons why they are not providing FP. For example, they may be stocked out. Call the facilities listed here to find out whether they are stocked out, require additional mentoring, or are facing another barrier to service provision. When conducting supportive supervision, target these facilities.

Facilities					
Zing General Hospital	Dingdin Dispensary	Kotsensi Dispensary	Danzing Dispensary	Lakwanti Dispensary	Dangong Dispensary
Kagon Dispensary	Tasumpo Dispensary	Manpali Dispensary	Danwusi Millenuim Developemnt Goals Clinic	Boduza Dispensary	Tagallang Dispensary

Percent of facilities in the state with LARC trained HWs that are not providing LARC:					100%

FP facilities stocked out for 7 days

This indicator identifies facilities that have provided FP in the last six months but reported a stock out of any FP commodity for seven consecutive days during the current month. Call these facilities to find out what commodity is stocked out and arrange an emergency shipment of stock from the LGA store.

Facilities

Percent of FP facilities in the state stocked out for 7 days: 38.64%

LARC facilities stocked out of implants

This indicator identifies the facilities that have provided at least one implant over the last six months but are stocked out of implants during the current month. Call these facilities to arrange an emergency shipment of stock from the LGA store. Ensure the facilities are connected to the FP commodity distribution system and are using CLMS forms correctly.

Facilities

Percent of LARC facilities in the state stocked out of implants: 50%
