

## Family Planning Dashboard - LGA Report

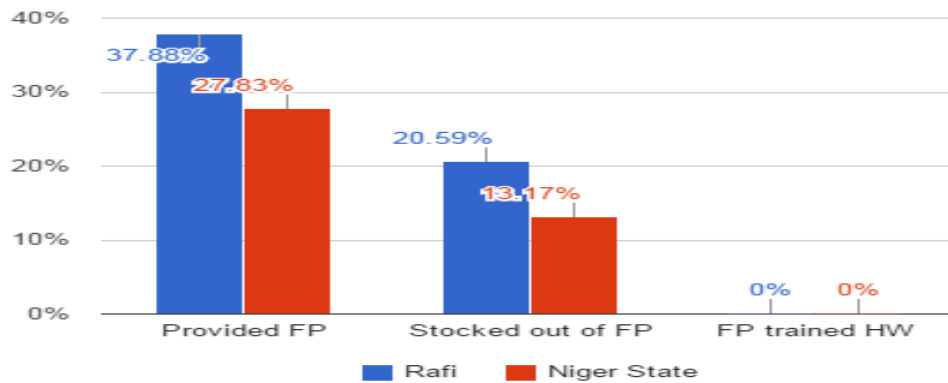

LGA: Rafi

State: Niger State

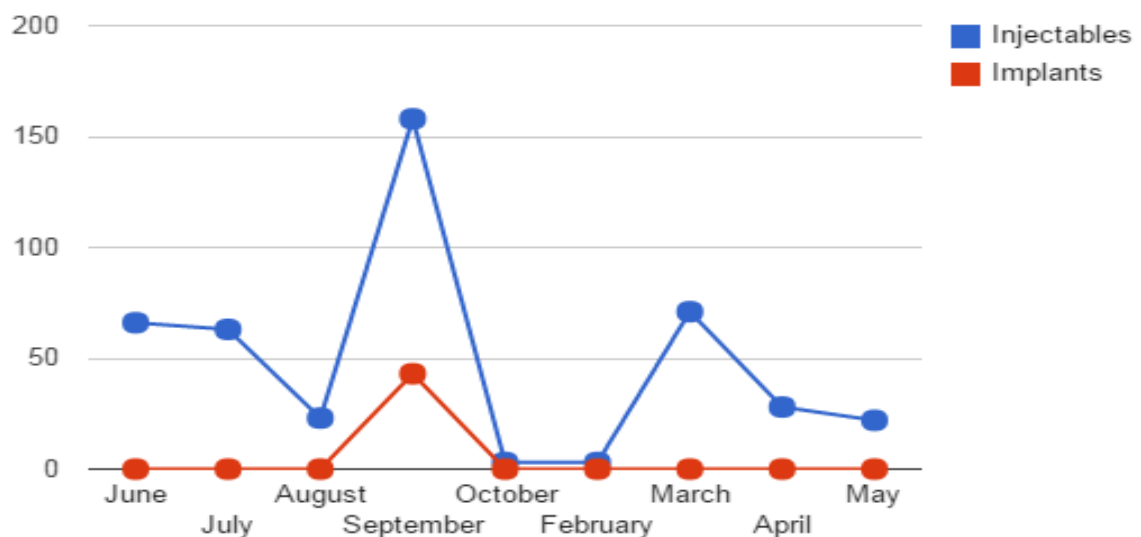

Month: May, 2015

### Facility summary, May 2015

### Monthly consumption\* in Rafi, June 2014 – May 2015

\*Implants and injectables are examples of popular long-acting and short-acting methods and have been selected here to show general consumption trends of family planning.

### Facilities with FP trained health workers that are not providing FP

This indicator identifies the facilities that should be providing FP (because they have a trained HW) but are not. There may be several reasons why they are not providing FP. For example, they may be stocked out. Call the facilities listed here to find out whether they are stocked out, require additional mentoring, or are facing another barrier to service provision. When conducting supportive supervision, target these facilities.

Facilities					
Kabitu Primary Health Centre	Affita Maza Health Post	Shikira Primary Health Centre	Karaya Makaranta Health Post	Pandogari Maternal and Child Health Clinic	Tugunguna Rural Hospital
Garin Gabas Primary Health Centre	Kambari Health Post	Kumbo Health Post	Kawo Ushama Primary Health Centre	Anguwan Hassan Primary Health Centre	Pandogari Ikon Allah Clinic
