

Family Planning Dashboard - LGA Report

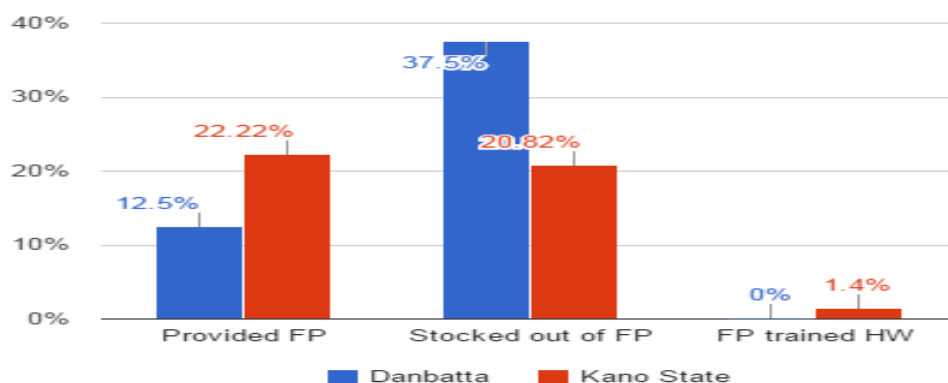

LGA: Danbatta

State: Kano State

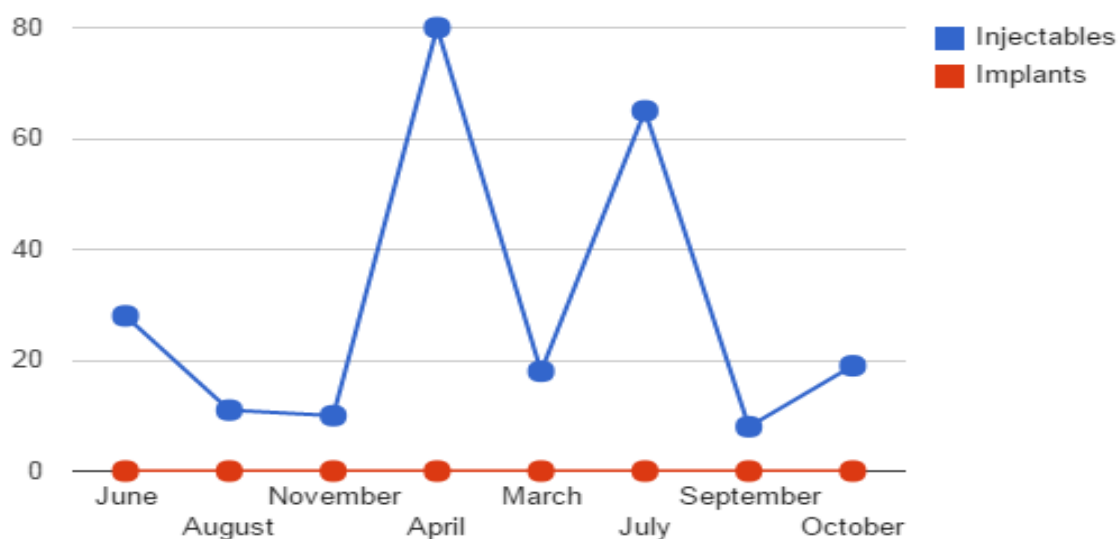

Month: May, 2015

Facility summary, May 2015

Monthly consumption* in Danbatta, June 2014 – May 2015

*Implants and injectables are examples of popular long-acting and short-acting methods and have been selected here to show general consumption trends of family planning.

Facilities with FP trained health workers that are not providing FP

This indicator identifies the facilities that should be providing FP (because they have a trained HW) but are not. There may be several reasons why they are not providing FP. For example, they may be stocked out. Call the facilities listed here to find out whether they are stocked out, require additional mentoring, or are facing another barrier to service provision. When conducting supportive supervision, target these facilities.

Facilities					
Danbatta General Hospital	GSS Danbatta Clinic	Gwanda Health Post (DAM)	Fagwalo Health Post	Sansan Health Post (DBT)	Gulaida Health Post
Tsaraka Dispensary	Yammawa Wanzamai Health Post	Dukawa Health Post	Kore Dispensary	Gwarabjawa Health Post	Maimunatu GGSS Clinic

FP facilities stocked out for 7 days

This indicator identifies facilities that have provided FP in the last six months but reported a stock out of any FP commodity for seven consecutive days during the current month. Call these facilities to find out what commodity is stocked out and arrange an emergency shipment of stock from the LGA store.

Facilities
Yammawa Wanzamai Health Post
Fagwalawa Cottage Hospital
Dalal Clinic (Danba)

Percent of FP facilities in the state stocked out for 7 days: 20.82%

LARC facilities stocked out of implants

This indicator identifies the facilities that have provided at least one implant over the last six months but are stocked out of implants during the current month. Call these facilities to arrange an emergency shipment of stock from the LGA store. Ensure the facilities are connected to the FP commodity distribution system and are using CLMS forms correctly.

Facilities

Goron Maje Basic Health Clinic

Percent of LARC facilities in the state stocked out of implants: 15.69%
