Percent of facilities with an FP-trained health worker providing FP

Percent of facilities with a LARC-trained health worker providing LARC

Percent of FP facilities stocked out of FP commodities for 7 days

Percent of LARC facilities stocked out of Implants

ACTION ITEMS

- Direct trainings to LGAs with lowest percent of facilities with trained health workers.
- Follow up with and direct supervision or on-the-job training to facilities with trained health workers that are not providing services.
- Contact LGAs that are experiencing stock outs and send products to LGA stores when possible, or prepare products for pick up by LGA or facility staff.
